URGENT WATER CONSERVATION ALERT!!!

We are writing to urge everyone to please reduce your water consumption. Over the holiday weekend, consumption increased by more than 50% and this is not sustainable. **Please do whatever you can to reduce your water use** – in particular: please shut off automatic irrigation systems, limit showers to 5 minutes or less, wait to run laundry or dishwashing machines until they are full, and anything else you can do to reduce your use.

For water conservation advice, please go to the water tab on our website www.bcpud.org or call our office: (415) 868-1224.

Thank you in advance for your cooperation with this urgent request.

Jennifer Blackman
General Manager
