

SECTION "I" PERMITS

I-01 GENERAL

The District has obtained a coastal development project permit from the County of Marin for the Project. Contractor shall be responsible for compliance with all provisions of that permit, including sufficient notification to the proper agencies before work begins.

If there is a difference between the permit requirements and the Drawings and Specifications, Contractor shall request, in writing, a clarification from BCPUD.

If, in the course of construction, other permits are required, it will be Contractor's responsibility to obtain them, comply with the conditions and pay all fees therefore.
