

COMPOST

WILL BE REQUIRED

EVERYTHING YOU NEED TO KNOW ABOUT SB1383

What is Senate Bill 1383?

Senate Bill 1383 (SB1383) is legislation enacted by the State of California that builds upon the state's leading commitments to **reduce greenhouse gas emissions and air pollution** statewide.

It requires all residents and businesses to divert organic materials (including: food scraps, plant trimmings, and unlined soiled paper products) from the landfill. Regulations take effect January 1st, 2022.

Why does it matter?

California is experiencing a climate crisis: record breaking temperatures, longer fire seasons, extreme droughts, and rising sea levels. SB1383 mandates will:

REDUCE
METHANE
EMISSIONS
FROM
LANDFILLS

RECOVER
EDIBLE FOOD
FOR HUNGRY
PEOPLE

STORE
CARBON IN
THE SOIL VIA
COMPOST

What does this mean for me?

Starting January 1, 2022, residents and businesses will be required to compost organic materials on site or through their green Recology compost bin.

UNLINED SOILED PAPER

PLANT TRIMMINGS

FOOD SCRAPS

THESE
ITEMS CAN
BE PLACED IN
YOUR GREEN
BIN
