Dear Mr. Rodoni,

I am writing in support of the Tacherra Ranch Emergency RV Trailer Park Project. The Latino community in Bolinas has long been undervalued and overlooked. This is Bolinas' opportunity to stand up for the underrepresented and underserved. The families who have been living at the Tacherra's are our neighbors, our friends, our kids' classmates, our servers, house cleaners, landscapers, you name it. We rely on this portion of our community more than we know. And they deserve safer, cleaner and better living conditions. Any concern about water is moot. It hasn't caused problems for anyone so far and it truly should not be a factor in this conversation. Our water is for our whole community - not just the homeownership community or our whiter, wealthier community. I understand water usage at the ranch has been unlimited and now will be capped to support the 60+ people it has served for so many years. We have a responsibility to serve the community we have. This is our community! Please approve the Tacherra Ranch Emergency RV Trailer Park Project without hesitation.

Thank you,
