Subject: Marin County Operational Area Partner Meeting - Invite
Attachments: Operational Area Meeting - Monthly - Agenda.pdf

Good Day,

On behalf of the Marin County Office of Emergency Management, our office will be inviting you and/or the appropriate member of your emergency management function to the revamped Operational Area Partner Training and Coordination Meetings. The goal of these monthly meetings is to bring everyone together, prior to an incident, to discuss local topics directly related to emergency management preparedness, planning, response, mitigation, and recovery in Marin County.

Shortly, our office will be sending a calendar invite for the upcoming training in August. These monthly meetings will be held on the 3rd Wednesday of the month and cover a variety of emergency management topics. Feel free to forward to persons within your jurisdiction as appropriate. It is our desire to have a representative who has oversight or management of the jurisdiction's emergency management function in the house to adequately represent every city, town, and special district in these sessions. For non-governmental organizations, we ask that you contact to the Office of Emergency Management for additional guidance prior to forwarding this invite.

If you have questions regarding the best person to send to these meetings, a member of the OEM team or I will be happy to provide feedback.

Thank you in advance for your coordination and support!

Steven Torrence
Director of Emergency Management
