Subject: Update on the Marin County OA MJHMP Planning Partner Annex Review

Hi Steering Committee,

I hope you are doing well. I met with Cal OES today to get an updated timeline on the Planning Partner Annex review. Cal OES expects the first review of the Annex to be completed by the end of March. If there are any requested edits, they will need to be made prior to sending the Annex to FEMA. Once the Annex is sent to FEMA it will be another 45 days or more for the FEMA review. Once FEMA completes their review and has tentatively approved the Annex pending adoption by your City/Town Council or Board of Directors, then you may proceed with arranging this City/Town Council or Board of Directors approval. Please let me know if you have any questions. Thanks for your assistance with this planning process.

Best wishes,
Paul
