I am protesting the increase
of garbage disposal rates
as stated in BCPOD mailing
dated Feb. 28, 2025.

More specifically I am
against the way of projecting
rates through a 5 year period,
Bad enough that the rate
needs to change at all, but
lets not gallop into the
future -

I prefer the wait + see
annual approach -

So - No

I do not agree

I PROTEST
