Re: BCPUD Account 10251010; Service Address: 61 Crescente

Dear Sid:

This letter is to advise you that you again exceeded the maximum quarterly water consumption allowed by the terms of your limited water use permit (LWUP) and therefore remain out of compliance with that permit. *(Please refer to our prior Notice of Non-Compliance dated July 9, 2025, a copy of which is attached.)* Specifically, during the 30-day period ending August 9, 2025, your average water consumption was **1781 cubic feet**. The maximum amount allowed under your LWUP is **1576 cubic feet or 386 gallons per day**.

As you have not come into compliance with the terms of your LWUP as required by our notice of July 9, 2025, **this matter will be referred to the BCPUD Board of Directors for consideration at its regularly scheduled monthly meeting on September 17, 2025.** The meeting will be held at Bolinas Fire Department Meeting Room (100 Mesa Road) beginning at 6:00 p.m. You will receive a copy of the meeting agenda prior to the meeting date. Please be advised that applicable BCPUD regulations provide that LWUPs are subject to revocation for non-compliance and that the BCPUD may discontinue service to a customer whose LWUP has been revoked. ***You have a right to a hearing before the Board of Directors before any decision is made to discontinue your water service.***

Please call me at the phone number listed above if you have any questions about this letter or your LWUP.
