RE:	<i>ITEM #10: Review & Approve Submission of Cross-Connection Control Plan to State Water Resources Control Board</i>
------------	--

DATE:	December 17, 2025
--------------	-------------------

Purpose

This memo accompanies the Cross-Connection Control Plan prepared by BCPUD staff for submission to the State Water Resources Control Board, as required under the Cross-Connection Control Policy Handbook (CCCPH) effective July 1, 2024.

Background

The CCC Plan describes BCPUD's program for preventing backflow and protecting the public water supply from contamination. It includes hazard assessment methodology, backflow prevention assembly inventory and testing protocols, enforcement procedures, and recordkeeping standards.

The plan is based on the State template for small community water systems and is required to be submitted by December 31, 2025. Approval by the State is contingent upon meeting all applicable requirements and addressing any comments provided during review.

Action Requested

Board consideration and approval to submit the attached Cross-Connection Control Plan to the State Water Resources Control Board.
