**DATE:** January 21, 2026

### Purpose

This memo introduces incoming correspondence from Supervisor Dennis Rodoni regarding the Environmental Action Committee of West Marin's petition to redesignate Duxbury Reef and provides background for Board discussion. This item is intended to allow the Board to determine whether the matter falls within BCPUD's purview and whether the District should adopt a position. The Board has not yet discussed this matter or taken a position.

### Incoming Correspondence

On January 15, 2026, Supervisor Dennis Rodoni sent a letter to the California Fish and Game Commission, withdrawing his prior support for the EAC petition and encouraging a more community-driven process. A copy of his letter is included in this packet.

### Board Consideration

This item allows the Board to:

1. Consider the incoming correspondence;
2. Discuss whether the petition is relevant to BCPUD's mission, responsibilities, or community role; and
3. Determine whether BCPUD should adopt a position of

- a. support,
- b. opposition, or
- c. no position (including a determination that the matter is outside the District's purview).

### **Action Requested**

Board discussion and possible action to:

1. Adopt a position of support, neutrality, opposition, or
2. Determine that the petition does not warrant a BCPUD position, or
3. Direct staff to prepare correspondence consistent with the Board's chosen action.
